License obligation for vehicles registered in Switzerland

To whom it may concern

We hereby confirm **that there is currently no so-called license obligation (obligation to obtain an authorisation to access the market) for the carriage of goods with vehicles registered in Switzerland over 2.5 tons to 3.5 tons and there will not be until further notice.** The requirements of the Regulation (EU) 2020/1055 of the European Parliament and of the Council of 15 July 2020 amending Regulations (EC) No 1071/2009, (EC) No 1072/2009 and (EU) No 1024/2012, which are now effective in the EU as part of the “mobility package”, do not apply to Swiss transport companies until the corresponding Swiss legal bases and the overland transport agreement have been adapted.

Yours sincerely

Federal Office of Transport

Dr. Peter Füglistaler
Director
